

Mr. Sanchez,

I am emailing concerning the tobacco licensing bill. I don't have any issues with it except one, why is there a need to know who our vendors are? Most shops use many, many different vendors, especially now with covid and supplies for shops not available like they used to be. Too many different vendors are used to try and meet the needs of shop owners that there are too many to list honestly. That is just not feasible. We are not alcohol.

Thank you,

Missy Pilkington
